

As Seen In... *seventeen* and **GOSMO** *girl!*

is the stage or screen calling you?

**if you have talent, ACTeen offers the training you need to become a working actor on stage, screen, TV, or in commercials!**

**D**o you have what it takes to work for your dream? Thousands of students like you yearn to play a leading role in the dazzling entertainment industry. Only a few learn to maximize

their talents effectively as professionals in the extremely competitive worlds of TV, film, and theatrical performance.

It takes *confidence*. *Belief in yourself and your abilities*. That's what you'll get at ACTeen, established in 1978 as the first on-camera

acting program for teens. To quote Rita Litton, ACTeen's Director, "ACTeen combines the discipline of the theatre with the immediacy and naturalness of the camera." Its extensive, curriculum-based program (except to do homework!) guides young people who want to test the limits of their creativity, hone their audition skills, and showcase their talents in a multi-media environment.

Through a host of basic and advanced classes, ACTeen offers year-round opportunities to train with respected industry professionals—specialists in their fields. Choose week-day afternoon or Saturday classes during fall and spring 12-week semesters. Or compete for a place in ACTeen's Summer Academies with sessions that range from 2 to 6 weeks.

Small class sizes grouped by age bring out the best in every participant. You can do it! Try out and see!

**after ACTeen, the sky's the limit!**

**A**riel Reid's blossoming resume features her appearance in the film version of *Hairspray* with John Travolta, and the award-winning Broadway musical *Spamalot*.

"I learned about overall presentation and packaging myself. ACTeen really is an amazing resource. I don't think I'd be where I am without it."

**A**CTeen alum Daniella Alonso has landed several film roles and played recurring characters in popular TV series, like *Friday Night Lights* and *One Tree Hill*.

"I loved how the classes were set up, like an audition room with a camera, so it feels like you're already working."

"When there's a camera right in your face, at first it freaks you out. But the whole staff has such positive energy!"

"I felt safe, and it was OK to make a mistake. ACTeen prepared me to get into the commercial world... the audition world. It was *such* a positive experience!"

**bring the lights up on your future!**
